

**The Missing Chapter on Prosperity -  
THE BLESSING OF NOT GETTING WHAT I WANT By Audrey hope**

***“I should be suspicious of what I want.” RUMI***

**There is a missing chapter in the book on manifesting,  
It is called–The Blessing of Not Getting What I want.  
Not manifesting is the secret to life!!!**

**When I don't get what I want - I am forced to things that don't come  
from this world.**

**When I don't get the love I need- I am on my knees seeking an  
invisible embrace.**

**When I don't get the house I long to live in- I am desperate to find  
shelter from inside.**

**When I don't get the job, the relationship, the raise, the car - the life -  
my pain leads me to alone empty silence.**

**In red rage, there is no one else to reach for,  
and nothing else to do, and no where else to go,  
and no more tears to cry -  
and in exhaustion, I find the ground and surrender.  
And I find you –God.**

**And in you, myself, with you.  
And then - the richest jewel on earth -  
DIAMOND PEACE -,  
beyond all understanding -  
needing no-thing.**

**What grace - to not get what I want.  
I should be suspicious of what I want.**
